*At Rehoboth global we want to contribute and be part of the process in making the world a better and safer place by providing innovative and safe products. it is our mission to promote the best products and services that enhance people's lives and foster growth for our stake holders and the society around us through our portfolio and excellent customer service.*

## Avron Copper Drinkware

*Avron pure copper drinkware, a perfect blend of style and functionality, designed to enhance your hydration routine. Crafted with premium quality pure copper, Avron copper drinkware is sustainable and eco-friendly choice that offers numerous health benefits.*

*Avron copper drinkware is pure copper and BPA free. The design and structure of copper drinkware gives immense health benefits when water stored in it is used in the right proportions. The water stored in copper drinkware will be antibacterial and antioxidant, the health benefits like improved immunity, regulation of blood pressure, lowering of sugar, cholesterol levels are believed to be achieved when the water is drunk from copper drinkware. Copper drinkware's anti-inflammatory, anti-microbial properties help in improving metabolism which in turn helps improve gut health and digestion process, in the process it helps in flushing out toxins from the body.*

*Avron copper drinkware's are joint free, rust free and leak free. The exterior of the drinkware is coated with lacquer which prevents discoloration or rusting of the drinkware during regular usage in the future. The interiors being pure copper helps in getting all the ayurvedic and multi health benefits of copper.*

*Copper is a good conductor of heat, which means that it can quickly transfer heat away from the drink, which gives the copper drinkware the ability to keep drinks colder for longer duration*

*Embrace the elegance and functionality of the Avron pure Copper drinkware, and experience the joy of staying hydrated while contributing to a healthier planet. With its leakproof design, durable construction, and health boosting properties Avron copper drinkware is your ideal companion for every occasion. Choose sustainability, health, and style. Choose Avron and make it part of your healthy living and in the process help the planet become greener.*
